|---|--|
| 1 | The Minutes of the March 25, 2020, meeting were reviewed. No changes were made. |
| 2 | COVID-19 Roundtable |
| | Contractors are working at about 80% capacity. |
| | Contractors continue to ensure safe worksites using gloves, masks, distancing etc. Some contractors are getting masks made for workers, workers are responsible to wash. Using hockey stick distancing. Mandating pre-access screening for workers and site visitors. Some contractors are using alternatives to signing documents – taking pictures of the documents, possibility of using electronic concrete tickets. |
| | Worksites are being heavily scrutinized by the public and pictures are being sent to Premier Ford and the Ministry of Labour. |
| | Contractors are setting up COVID-19 response teams, tracking who has been in contact with who. Human resources are heavily involved. |
| | At the March City Liaison meeting, the City noted that its drinking water staff is being asked to do a self-assessment at each site, and asked NCHCA to confirm that it was not necessary to do multiple assessments. The answer is no – City staff must comply with the contractors' policies and protocols on each site. |
| | A suggestion was made that it would be nice to recognize front line workers, perhaps driving by a hospital to recognize with horns. |
| 3 | Ministry of Labour |
| | Working at heights training has been postponed. Certification has been extended by one year. |
| | MOL is auditing sanitization and hygiene – hand washing sations and bathroom facilities. |
| | When on your site, MOL must abide by site safety measures related to COVID. |
| 4 | Ministry of Transportation |
| | MOT is not currently doing inspections. It has extended licences that were due to expire during this time period. |
| | Hours of service have been extended for essential services. If facing an hours of service violation, must be able to prove that it was for an essential service. |
